

## BIBLIOGRAPHIC NOTES

### CONTRIBUTIONS IN FORTHCOMING NUMBERS OF THE JOURNAL

#### Research Papers

Implications of the mobile belt of the Indies Archipelago on the concept of continental drift between India and Australia

*C. Karunakaran, K. K. Ray and S. S. Saha*

Petrological observations on nepheline syenite of Baradangua Dhenkanal, Orissa

*K. N. Sahu*

Differentiation of the Deccan trap basalt flow in Bombay Island

*S. F. Sethna and Hemant Merchant*

Tectonic framework of Sedimentation in the western part of the Palnad Basin, Andhra Pradesh

*B. E. Vijayan and P. H. Reddy*

On the discovery of *Conophyton* and the record of Oncolites from the Kumaon Himalaya

*A. R. Bhattacharya*

Diagenesis of the dark grey limestone of Nagod formation, Madhya Pradesh

*K. Srinivasa Rao, D. B. Ghosh and Chamanlal*

Significance of textural and petrographic attributes of several Cretaceous sandstones, Southern Nigeria

*Mominul Hoque*

Regional magnetic investigations in the coastal tract—east of North Cuddapah basin

*V. Bhaskar Rao and G. Narasimha Swami*

Occurrence of Rhyolytic tuffs at deep sea drilling project site 219 on the Laccadive ridge

*H. N. Siddiquie and R. N. Sukheswala*

The stratigraphic position of the Kioto limestone of the Himalaya

*V. J. Gupta*

Reconnaissance geochemical exploration for copper in the central part of the Chitradurga schist belt, Karnataka, India

*S. M. Naqvi, V. Divakara Rao, K. Satyanarayana and S. M. Hussain*

Occurrence of fossil lion and spotted hyena from Pleistocene deposits of Susunia, Bankura District, West Bengal

*A. K. Dutta*

Provenance and Sedimentation of Pakhals

*M. Venkateswara Rao*

**Structure and Stratigraphic relations of the Aravallis of Southeastern Rajasthan**

*S. Sen Gupta*

**Cadmium in minerals from the Skaergaard intrusion—a further study**

*C. B. Desanayake*

**Research Notes****Carbon and oxygen isotopic study of limestones from the Triassic Lower Krol formation of India**

*G. C. Pandey*

**A note on the study of sediment movement at Karwar, Karnataka**

*K. V. Venkatesh and I. Ray*

**Textural analysis of the beach on Anjadiv island, near Karwar**

*Surendra Kumar*

**Geochemical prospecting for copper in the Nuggihalli schist belt, Karnataka, India**

*V. Divakara Rao, S. M. Naqvi, K. Satyanarayana and S. M. Hussain*

**A note on the relict sand (?) and movement of sediments off Gopalpur, Orissa Coast, India**

*P. C. Shrivastava and B. R. Rao*

**Microfossils and the age of the Subathu formation of Dogadda, Garhwal Himalayas**

*B. S. Tiwari and Jasbir Singh*

**A note on Foraminifera from the Jurassic rocks of central Kutch**

*S. N. Bhalla and S. M. Abbas*

**Melocrinites from the Godavari series of Kathmandu valley, Nepal**

*V. J. Gupta and G. D. Webster*

**Occurrence of outliers of Cretaceous Reefoid limestone near Vijayagopalapuram, Tiruchirapalli District, Tamil Nadu**

*B. R. Jagannatha Rao*

**The VLF method of prospecting—a study from Uttar Pradesh, India**

*B. R. Ingre, S. C. Srivastava, P. N. Mehrotra, Z. A. Khan, K. C. Pant and K. K. Srivastava*

**Synthesis of garnierite solid solutions**

*A. Mukherjee and D. C. Ghosh*
