

Recent Additions to the Library

- Potentials and Limitations of Ecosystem Analysis.** SCHULZE, E. D. and SWOLFER, H. (Eds.), (1987). *Springer Verlag, Ecological Studies*, 61. 1-435 pp.
- Global Change.** MALONE, T. F. and ROEDERER, J. G., (1985), *Cambridge University Press*, 1-512 pp.
- Superdeep Well of the Kola Peninsula.** KOZLOVSKY, YE. A., (1987). *Springer Verlag*. 1-558 pp.
- Progress and Prospects of Marine Archaeology in India.** RAO, S. R., (1987). *Nat. Inst. Oceanography*. 1-76 pp.
- New Views of an Old Planet.** VAN ANDEL, T. H., (1985). *Cambridge University Press*. 1-324 pp.
- Environmental Geology.** VALDIYA, K. S., (1987). *Tata McGraw Hill*. 1-583 pp.
- Tectonic Evolution of Greenstone Belt.** DEWIT, M. J. and ASHWAL, L. D. (Eds.), (1986). *LPI Tech. Report 86-10*. 1-227 pp.
- Early Crustal Genesis: The World's Oldest Rocks.** ASHWAL, L. D. (Ed.), (1986). *LPI Tech. Report 86-04*.
- The Geologic History of the Moon.** WILHELMS, DON. E., (1987). *USGS Prof. Paper 1348*, 1-302 pp.
- Carnegie Institution, Washington.** (1985-86). *Year Book 85*.
- Studies in Diagenesis.** MUMPTON, F. A. *USGS Geol. Surv. Bull.* 1578. 1-368 pp.
- World Soils.** BRIDGES, E. M. *Cambridge University Press*. 128 pp.
- Geophysics and Petrology of the Deep Crust and Upper Mantle.** *USGS Circular 936*. 86 pp.
- North America and Adjacent Oceans During the Last Glaciation.** *Geological Soc., America*, 501 pp.
- Manual of Carbonate Sedimentology: A Lexicographical Approach.** REIJERS, T. J. A. and HSU, K. T. (Eds.), (1985). *Academic Press*. 301 pp.
- Principles of Applied Geophysics.** PARASNIS, D. S., (1986). *4th Edition*. 402 pp.
- Marine Geology: A Planet Earth Perspective.** ANDERSON, R. N., (1986). *John Wiley*. 328 pp.
- Principles of Geochemistry.** MASON, B. and MOORE, C. B., (1986). *4th Edition, Wiley Eastern*. 350 pp.
- Groundwater Hydrology.** TODD, D. K., (1980). *Second Edition, Wiley*. 535 pp.
- Geology in the Field.** CROMPTON, R. R., (1985). *Wiley*. 398 pp.
- Ore Microscopy and Ore Petrography.** CRAIG, J. R. and VAUGHAN, D. J., (1987) *Wiley*. 456 pp.
- Physical Geology.** SKINNER, B. J. and PORTER, S. C., (1987) *John Wiley*. 750 pp.

Announcement

8th International Conference on Basement Tectonics, Montana Tech, Butte, Montana, USA, August 8-12, 1988. The 8th conference will focus on the Characterization and Comparison of Precambrian through Mesozoic Continental margins. For further particulars contact : 8th International Conference on Basement Tectonics, c/o M. J. Bartholomew, Chairman, Montana Tech, Butte, Montana 59701 USA.
