### CORRECTIONS

(1)

In the note on 'A Tragedy too Deep for Words', published in the November issue of the Journal (v. 42, no. 5), on page 525, on the 8th line from the bottom, instead of Natural Hazard Maps, it has been printed as National Hazard Maps. Correction may please be noted in your copy—*Ed.*

(2)

"This refers to the paper entitled, Late Eocene-Early Oligocene Biostratigraphy of Mansa-Indrora Area, Cambay Basin, by B. C. Jaiprakash and P. Kumar, published in the October, 1993 issue of this journal. In Figure 4 (p. 362), the stratigraphic range of *Chiloguembelina martini* has been shown from upper part of Late Eocene to Early Oligocene. This should be corrected to read as upper part of Late Eocene only."
