

THE GENUS *AESCULUS* LINN. IN INDIA

*A correction*

The authors of the note in this Bulletin (3:95) give the nomenclature of *A. punduana* Wall. as follows:

*A. khassyana* (Voigt) Das et Majumdar.

*A. punduana* Wall. Cat. 1189, nom. nud.

*Pavia khassyana* Voigt, 1845.

Voigt in Hort. Sub. Calc. 97, 1845, gives the name *Pavia Khassyana* without any description or reference to a previous description; the name, then, is *nomen nudum* in the sense of the Code. According to Merrill in Journ. Arnold Arb. 20:346, 1939, the correct name for this plant is *Aesculus assamica* Griff. Notul. 4:540, 1854.
